

TT/UPD/27/2021-22/ 1203

Date: March 28, 2022

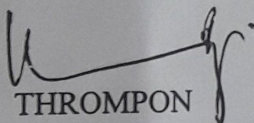

Public Notification

We would like to notify all the property owners under Thimphu Thromde that we have received a couple of requests routed through Bhutan Power Corporation Ltd. for want of state land for setting up of transformer meant for individual building.

In this regard, we request the concern property owners to kindly refer the conditions set forth in the Power Clearance issued by the BPC at the time of approving building drawings. In the past, all those buildings that required individual transformers were made to accommodate within the individual registered land and this rule is still applicable since there is limited state land.

Hence, we request all those property owners whose building(s) demand separate transformer ~~for~~ accommodated within ones registered land and Thromde shall not entertain allocating state land for such purpose.

Issued for strict compliance.

THROMPON

Copy to:

- 1) Managing Director, Kuensel Corporation, with the request to advertise in the forthcoming Saturday issue and bills in triplicate be submitted for the payment.
